# HERE'S WHAT COLORADO SAYS

## THESE ARE ACTUAL STATEMENTS FROM COLORADO CITIZENS PRINTED IN VARIOUS NEWSPAPERS STATEWIDE

Homosexuals dont need or deserve protection from Discrimination. Granting gays special rights forces normal people to go against their moral and religious beliefs.
Kevin Adams of Colorado Springs

Homosexual behavior includes incest , pedophillia, rape, sexual addiction, physical and psychological abuse, and criminality. They are neither normal or deserving of special rights.
Gary Franklin of Monument Colorado

I am convinced that if gays get special rights we will lose our own basic rights. If we were to rent a room in my home, I could be forced to accept a homosexual. If I refused I would be forced to attend sensitivity classes taught by lesbians. Gay teachers will force their views on my 5 year old son, and my 8 year old daughter.
Mark Williams of Colorado Springs

We will have better control of Aids in this state now, because there will be less homosexuals and lesbians. That will bring more tourists. People need a safe and healthy place to live and vacation. Hopefully most gays will move to a place they are more appreciated and wanted like California or New York.
Thelma Gallegos of Colorado Springs

Shut up , Sit down, and be happy for the rights you still have.
Todd Skinner of Colorado Springs

The homosexuals self destructive behavior puts them clearly outside the mainstream of American society. Homosexuality is a lifestyle choice, no Jews, negros or asians can say that.
Rich Puter of Littleton Colorado

Why is ammendment 2 embarrassing to Colorado ? Its more embarrassing to have a lying, draft dodging adulterer as our president.
Jeff Norse of Lakewood Colorado

Homosexuals are people appealing for a protected status for activities that are to most lucid human beings, ineffable actions. Its a shame this christian community has acceded to these demands to the point we are called Pariahs. If homosexuals want to come out of the closet with their propensities, they had better not turn their closet into our living room.
Rodney Roark of Colorado Springs

Ammendment 2 would force accomidation of homosexual marriages. It would require tax payers to pay spousal benefits to Homosexual partners. # 2 would force college students to share apartments with lesbians or face penalties and reeducation. # 2 will deny Coloradans their right to freedom of religion and speech and elevate protected minority status for a group of people based solely on whom they sleep with. Special rights for gays are inevitable and the cost will be the loss of rights for all.
Tamara Swindler of Colorado Springs

Apartment complexes should be able to refuse gays because they might "Walk around the pool nude, or hold hands in the elevator".
Mary Ann Tebedo State Senator from Colorado Springs

Jesus did not speak on homosexuality. A vote for #2 is not a vote against civil rights. Its a vote against special rights, to a group whose speciality is abnormal, immoral behavior.
John K Wilson of Wray Colorado

Sexual activists stole the happy name GAY from the majority. We must now deny such a beautiful name gay to our children. Ammendment 2 stops further encroachment on the community.
W. R. Cochran of Littleton Colorado

The homosexual community has an organised element pushing for the legalization of child abuse. They are trying to make pedophilia part of their "Sexual Orientation" issue. Pedophilia is a welcomed part of the homosexual community.
David Nobel of Manitou Springs

Employers will be forced to include affirmative action quotas for a certain percentage of homosexual employees. We dont want homosexuals in the military, or teaching sex to our children in schools. For gays to insist Aids is not their disease is to abondon reality. Ammendment 2 deserves to be passed resoundingly.
Whitney Galbraith of Colorado Springs

The gay pride parade contains so much revolting X rated behavior, what city would lack so much moral conscience as to allow such parades. We must strive to protect each others rights, and not grant special rights to those who weaken our christian family and society.
Timothy J. Leonard of Denver Colorado

Homosexuals hold more than 3 times more professional and managerial positions than heterosexuals. They travel overseas 4 times more than the average american. Ammendment 2 would implement pro gay cirriculam in schools and protect gays from prosecution of violent acts.
Karen Morgan of Colorado Springs

Homosexuals are a danger to society, an abomination against God. They are deviants and child molesters.
Colorado for Family Values

Ammendment 2 is not about homosexuality. Its not really about sex. Its about authority. Its about whose authority takes precedence in our society. Is it the authority of man or God. God says theres plenty wrong with homosexuality, while many men would say theres nothing wrong with it. Ammendment 2 is about whose authority gets to make the decision.
Kevin Tebedo of Colorado for Family Values.
